by Karigar Company

Explore our exclusive Ka collection,  
where **tradition meets elegance**.

Each piece, crafted from Kansa—a metal  
cherished in Ayurveda—combines the  
beauty of gold with the benefits of silver.

Kansa (Bell Metal) is a timeless craft from  
Odisha, India, handcrafted by skilled  
artisans across generations. With roots in  
the Harappan civilization and Ayurveda, this  
5,000-year-old metal is made using a  
precise **78% copper and 22% tin ratio**, as  
prescribed in ancient Ayurvedic texts.

*It is considered one of the healthiest  
metals for daily use.*
